

Appendices I and II of the Convention on the Conservation of Migratory Species of Wild Animals (CMS)

(as amended by the Conference of the Parties in
1985, 1988, 1991, 1994, 1997, 1999, 2002, 2005, 2008, 2011, 2014 and 2017)

Effective: 26 January 2018

Appendix I

Interpretation

1. Migratory species included in this Appendix are referred to:
 - a) by the name of the species or subspecies; or
 - b) as being all of the migratory species included in a higher taxon or designated part thereof.
2. Other references to taxa higher than species are for the purposes of information or classification only.
3. Unless otherwise indicated, taxa included in this Appendix correspond to those described in the relevant taxonomic and nomenclature reference adopted by the Conference of the Parties, as listed in the Annex to Resolution 12.27. Where the taxonomic name used does not correspond to the relevant adopted reference, this is indicated in the endnotes.
4. An asterisk (*) placed against the name of a species indicates that the species, or a separate population of that species, or a higher taxon which includes that species is included in Appendix II.

Mammalia

SIRENIA

Trichechidae
Trichechus manatus * (populations between Honduras and Panama)
Trichechus senegalensis *

PRIMATES

Hominidae
Gorilla beringei ¹
Gorilla gorilla
Pan troglodytes *

CHIROPTERA

Molossidae
Tadarida brasiliensis

CARNIVORA

Felidae
Acinonyx jubatus (except populations in Botswana, Namibia and Zimbabwe)
Uncia uncia ²

Ursidae
Ursus arctos isabellinus (populations in Mongolia and China)

Phocidae
Monachus monachus *
Pusa caspica *

Mustelidae
Lontra felina ³
Lontra provocax ⁴

PERISSODACTYLA

Equidae
Equus africanus ⁵
Equus ferus przewalskii ⁶
Equus grevyi

ARTIODACTYLA

Camelidae
Camelus bactrianus
Vicugna vicugna * (except Peruvian populations)

Cervidae	<i>Hippocamelus bisulcus</i> <i>Cervus elaphus barbarus</i> <i>Cervus elaphus yarkandensis</i> ⁷ * (populations in Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, Uzbekistan and Afghanistan)
Bovidae	<i>Eudorcas ruffrorns</i> <i>Gazella cuvieri</i> <i>Gazella dorcas</i> (only Northwest African populations) <i>Gazella leptoceros</i> <i>Nanger dama</i> ⁸ <i>Bos grunniens</i> <i>Bos sauveli</i> <i>Addax nasomaculatus</i> <i>Oryx dammah</i> *
CETACEA	
Balaenidae	<i>Balaena mysticetus</i> <i>Eubalaena glacialis</i> ⁹ (North Atlantic) <i>Eubalaena japonica</i> ⁹ (North Pacific) <i>Eubalaena australis</i> ¹⁰
Balaenopteridae	<i>Balaenoptera borealis</i> * <i>Balaenoptera physalus</i> * <i>Balaenoptera musculus</i> <i>Megaptera novaeangliae</i>
Delphinidae	<i>Delphinus delphis</i> * (only Mediterranean population) <i>Tursiops truncatus ponticus</i> * <i>Orcaella brevirostris</i> * <i>Sousa teuszii</i> *
Physeteridae	<i>Physeter macrocephalus</i> *
Platanistidae	<i>Platanista gangetica gangetica</i> *
Pontoporiidae	<i>Pontoporia blainvillei</i> *
Ziphiidae	<i>Ziphius cavirostris</i> (only Mediterranean subpopulation)
Aves	
ANSERIFORMES	
Anatidae	<i>Oxyura leucocephala</i> * <i>Branta ruficollis</i> * <i>Anser cygnoid</i> ¹¹ * <i>Anser erythropus</i> * <i>Polysticta stelleri</i> * <i>Chloephaga rubidiceps</i> * <i>Marmaronetta angustirostris</i> * <i>Aythya baeri</i> * <i>Aythya nyroca</i> * <i>Sibirionetta formosa</i> ¹² *
PHOENICOPTERIFORMES	
Phoenicopteridae	<i>Phoenicoparrus andinus</i> ¹³ * <i>Phoenicoparrus jamesi</i> ¹⁴ *
GRUIFORMES	
Rallidae	<i>Sarothrura ayresi</i> *
Gruidae	<i>Leucogeranus leucogeranus</i> ¹⁵ * <i>Antigone vipio</i> ¹⁶ * <i>Grus japonensis</i> * <i>Grus monacha</i> * <i>Grus nigricollis</i> *
OTIDIFORMES	
Otididae	<i>Otis tarda</i> * <i>Chlamydotis undulata</i> (only Northwest African populations)

SPHENISCIFORMES		
Spheniscidae		<i>Spheniscus humboldti</i>
PROCELLARIIFORMES		
Diomedeidae		<i>Diomedea amsterdamensis</i> <i>Phoebastria albatrus</i> ¹⁷
Procellariidae		<i>Pterodroma atrata</i> <i>Pterodroma sandwichensis</i> ¹⁸ <i>Pterodroma phaeopygia</i> <i>Pterodroma cahow</i> <i>Ardenna creatopus</i> ¹⁹ <i>Puffinus mauretanicus</i> <i>Pelecanoides garnotii</i>
CICONIIFORMES		
Ciconiidae		<i>Ciconia boyciana</i>
PELECANIFORMES		
Threskiornithidae		<i>Platalea minor</i> <i>Geronticus eremita</i> *
Ardeidae		<i>Gorsachius goisagi</i> <i>Ardeola idae</i> * <i>Egretta eulophotes</i>
Pelecanidae		<i>Pelecanus crispus</i> * <i>Pelecanus onocrotalus</i> * (only Palearctic populations)
SULIFORMES		
Fregatidae		<i>Fregata andrewsi</i>
CHARADRIIFORMES		
Charadriidae		<i>Vanellus gregarius</i> ²⁰ *
Scolopacidae		<i>Numenius tahitiensis</i> * <i>Numenius borealis</i> * <i>Numenius tenuirostris</i> * <i>Numenius madagascariensis</i> * <i>Calidris tenuirostris</i> * <i>Calidris canutus rufa</i> * <i>Calidris pygmaea</i> ²¹ * <i>Calidris subruficollis</i> ²² * <i>Calidris pusilla</i> * <i>Tringa guttifer</i> *

Pangasianodon gigas

Appendix II

Interpretation

1. Migratory species included in this Appendix are referred to:

- a) by the name of the species or subspecies; or
- b) as being all of the migratory species included in a higher taxon or designated part thereof.

Unless otherwise indicated, where reference is made to a taxon higher than species, it is understood that all the migratory species within that taxon could significantly benefit from the conclusion of AGREEMENTS.

2. The abbreviation "spp." following the name of a Family or Genus is used to denote all migratory species within that Family or Genus.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. Unless otherwise indicated, taxa included in this Appendix correspond to those described in the relevant taxonomic and nomenclature reference adopted by the Conference of the Parties, as listed in the Annex to Resolution 12.27. Where the taxonomic name used does not correspond to the relevant adopted reference, this is indicated in the endnotes.
5. An asterisk (*) placed against the name of a species or higher taxon indicates that the species, or a separate population of that species, or one or more species included in that higher taxon is included in Appendix I.

Mammalia

PROBOSCIDEA

Elephantidae *Loxodonta africana*
 Loxodonta cyclotis ³⁷

SIRENIA

Dugongidae *Dugong dugon*
Trichechidae *Trichechus inunguis*
 Trichechus manatus * (populations between Honduras and Panama)
 Trichechus senegalensis *

PRIMATES

Hominidae *Pan troglodytes* *

CHIROPTERA

Pteropodidae *Eidolon helvum* (only African populations)
Rhinolophidae R. spp. (only European populations)
Molossidae *Otomops madagascariensis* ³⁸
 Otomops martiensseni (only African populations)
 Tadarida insignis ³⁹
 Tadarida latouchei ³⁹
 Tadarida teniotis
Vespertilionidae V. spp. (only European populations)
 Lasiurus blossevillii
 Lasiurus borealis
 Lasiurus cinereus
 Lasiurus ega
 Miniopterus majori ⁴⁰
 Miniopterus natalensis ⁴⁰ (only African populations)
 Miniopterus schreibersii (only African and European populations)

CARNIVORA

Felidae	<i>Panthera leo</i> <i>Panthera pardus</i>
Canidae	<i>Lycaon pictus</i>
Ursidae	<i>Ursus maritimus</i>
Otariidae	<i>Arctocephalus australis</i> <i>Otaria flavescens</i>
Phocidae	<i>Halichoerus grypus</i> (only Baltic Sea populations) <i>Monachus monachus</i> * <i>Phoca vitulina</i> (only Baltic and Wadden Sea populations) <i>Pusa caspica</i> *

52 Formerly listed as *Porzana parva parva*
53 Formerly listed as *Porzana pusilla intermedia*
54 Formerly listed as *Aenigmatolimnas marginalis*
55 Formerly included in *Grus* spp.
56 Formerly included in *Chlamydotis undulata*
57 This includes *Gavia arctica suschkini*
58 Formerly listed as *Gavia immer immer*
59 Formerly included in *Diomedea epomophora*
60 Formerly included in *Diomedea exulans*
61 Formerly listed as *Diomedea irrorata*
62 Formerly listed as *Diomedea nigripes*
63 Formerly listed as *Diomeda immutabilis*
64 Formerly listed as *Diomedea chlororhynchos*
65 Formerly included in *Diomedea chlororhynchos*
66 Formerly listed as *Diomedea chrysostoma*
67 Formerly listed as *Diomedea melanophris*
68 Formerly included in *Diomedea melanophris*
69 Formerly listed as *Diomedea bulleri*
70 Formerly listed as *Diomedea cauta*
71 Formerly included in *Diomedea cauta*
72 Formerly included in *Procellaria aequinoctialis*
73 Formerly listed as *Ciconia episcopus microscelis*
74 Formerly listed as *Threskiornis aethiopicus aethiopicus*
75 Formerly listed as *Casmerodius albus albus* (Western Palearctic populations)
76 Formerly listed as *Phalacrocorax pygmaeus*
77 Formerly included in Recurvirostridae
78 This includes the sub-family Phalaropodinae, formerly listed as the family Phalaropodidae
79 Formerly included in Scolopacidae
80 Formerly listed as *Sterna albifrons*
81 Formerly listed as *Sterna saundersi*
82 Formerly listed as *Sterna balaenarum*
83 Formerly listed as *Sterna nilotica nilotica*
84 Formerly listed as *Sterna caspia*
85 Formerly listed as *Sterna bengalensis*
86 Formerly listed as *Sterna sandvicensis sandvicensis*
87 Formerly listed as *Sterna maxima albididorsalis*
88 Formerly listed as *Sterna bergii*
89 Formerly included in Muscipidae
